August 2019

Another great month has come and gone at Kinder Village! Summer seems to be flying by and I hope you all are enjoying it.

It is such an honor to be a part of your children's lives and be able to see them grow and develop into such unique and precious individuals. Regardless of the day I am having, a child's smile brings a whole different level of joy that is hard to explain. But I guess I don't have to try to explain because as parents, you know there is nothing better and precious in this world than to see your child smile.

We've been continuing to add to our intergenerational program these past few months. Now we hope to take some time in August to build our curriculum/educational program in the Early Preschool and Preschool classrooms as we prepare for the "school year." Exciting things will be happening!

Have a wonderful day!
Kristen Tonda
